

WELCOME,

5 Million Friends of
Bosnia and Herzegovina

FRIEND!

“

I'm Edo Sabanagic—Slovenian by birth, French by way of life, Swiss by profession, Bosnian and Croatian by heart and origins, sincere European and the founder of 5 Million Friends of Bosnia and Herzegovina.

For as many years as I can remember, Bosnia has held a special place in my heart. It is my belief that Bosnia boasts one of the most vibrant and integrated diasporas in the world. I feel a deep calling to help us all recognize the value of this country. Together, through our combined efforts, we can contribute to Bosnia's growth and success.

I am passionate about fostering connections within the Bosnian diaspora and strengthening ties across the former Yugoslavia. With a diverse background in business and philanthropy, I am dedicated to uniting our people and working toward our shared vision of integrating Bosnia into the European Union.

The success of every Bosnian worldwide is a victory for all of us, and through this association, I hope to contribute to a future where Bosnia thrives as part of a united Europe.
